

Volunteerism at its' finest is provided by those who generously donate their time to the Valley County Health System Auxiliary. The support that has been provided by this organization in the past few years is commendable and very much appreciated.

In 2005, the Auxiliary opened the Second Hand Rose Thrift Shop in downtown Ord. Since that time their contributions to Valley County Health System have totaled more than \$70,000! The Auxiliary is an organization operated solely by volunteers. It is open Tuesday through Friday of each week from 9 am - 5 pm and Saturday from 9 am - 3 pm.
